

RITESH SINGH

Student & Creative Software Developer | India

Email: Riteshsingh02010@gmail.com | Phone: +91 7898195460

SUMMARY & OBJECTIVE

Enthusiastic and driven student software developer with hands-on experience building full-stack web and mobile applications. Self-taught builder passionate about UI/UX, responsive performance, cross-platform apps, and leveraging modern tools and AI to turn innovative ideas into practical, user-centered digital products.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React, Next.js, Tailwind CSS

Mobile & App: Capacitor, Android SDK / APK builds, Progressive Web Apps (PWA)

Backend & Cloud: Node.js, Express, Firebase (Auth, Firestore, Security Rules), RESTful APIs

Tools & Workflow: Git, GitHub, VS Code, Linux / Bash, Termux, Vercel, Netlify

FEATURED PROJECTS

Aura App - Cross-Platform Mobile Application

React, Vite, Capacitor, Tailwind, Firebase

- Engineered a fluid, modern mobile app with reactive UI, authentication, and secure Firestore rules.
- Packaged and deployed release-ready Android APK with native device bridge integration.

RK Fitness - Full-Stack Fitness & Gym Platform

Next.js, React, Tailwind CSS, TypeScript

- Built a comprehensive fitness web application with workout programs, interactive booking, and member portals.
- Designed dark-mode first responsive UI with high Lighthouse performance scores.

Webza OS - Web-Based Desktop Operating System

HTML5, CSS3, Vanilla JavaScript, Canvas

- Implemented a simulated window manager with draggable, resizable windows, taskbar, and virtual apps.
- Zero external dependencies; built using native DOM manipulation and modular architecture.

Roshan Jewel - Luxury E-Commerce Web Store

Next.js, Tailwind CSS, React, Context API

- Crafted an editorial luxury e-commerce experience with interactive catalog, filtering, and responsive carts.

EDUCATION & LEARNING

Student | Science & Technology Stream

Focused on Computer Science, Mathematics, and Practical Software Engineering.

Active learner exploring AI integration, distributed systems, and modern UI engineering.
